

**To visitors and participants of the exhibition  
«Gas. Oil. Technologies - 2018»**

DEAR COLLEGUES,

I'm happy to welcome you on behalf of the Russian Chemists Union to this exposition, which I personally believe is one of the best industry exhibitions in the country!

There is an optimal combination of the latest developments presentation by the leading industry enterprises and Russian Petrochemical Forum business program in Ufa,. Organizers managed to make the exhibition more attractive for both Russian companies and foreign brands, which come to Ufa despite the sanctions and other obstacles.

The exposition strengthens economic ties, facilitates realization of the best projects for the third decade running.

We traditionally recommend this event for participation and visiting to all members of our Union. It is really useful, interesting and very beautiful.

Let me wish to all participants and visitors of the exhibition “Gas. Oil. Technologies” achievement of goals, excellent work and business contacts!

Best regards,

President of  
the Russian Chemists Union
