EXHIBITION "GAS. OIL. TECHNOLOGIES" WILL BE HELD IN SEPTEMBER

From 15th to 18th of September, 2020, Ufa will host largest industrial events - Russian Petrochemical Forum and 28th specialized exhibition "Gas. Oil. Technologies". A powerful communication platform will bring together the largest companies and the best experts among politicians, scientists, top managers of corporations and businessmen.

The forum and exhibition are organized by the Government of the Republic of Bashkortostan, the Ministry of Industry and Energy of the Republic of Bashkortostan, and Bashkir Exhibition Company.

Traditional support is provided by the Ministry of Energy of the Russian Federation and the Ministry of Industry and Trade of the Russian Federation. The exhibition is also supported by industry unions and associations.

EXHIBITION

Leading Russian companies and key manufacturers of equipment for the petrochemical industry participate in one of the largest expositions in the country. A large number of target visitors gather to visit the exhibition in Ufa.

FORUM

Russian Petrochemical Forum always becomes an authoritative platform for meetings and communication of industry experts - representatives of state authorities, science, trade unions, industry and business.

As part of the business program of the Forum, a Plenary session and an off-site meeting of the Working group of the Ministry of Energy of the Russian Federation on the development of oilfield services are planned.

Among the relevant topics:

- ✓ introduction of technological innovations in oil refining,
- ✓ development of low-tonnage production and use of LNG in the transport sector of the economy,
- ✓ gas processing trends and prospects,
- ✓ metrological support of oil and gas production,
- ✓ technological security of Russia in the field of oil and gas processing and petrochemistry.

Industry sections of the forum and exhibition are supported by:

- Union of oil and gas producers of Russia
- Union of oil and gas equipment manufacturers
- Russian chemists Union
- Scientific and industrial association of valve builders
- Geophysical cluster "Quantum"
- National Association of liquefied natural gas
- National Association for natural gas vehicles

The worldwide coronavirus pandemic has made adjustments to the exhibition calendar of the meeting industry. Nevertheless, exhibitions and forums are vital means of supporting various sectors of the economy, and Bashkir Exhibition Company is working on all the projects stated in its exhibition plan. Preparations for the events are proceeding as planned.

**We invite you to participate in the Russian Petrochemical Forum
and the international exhibition "Gas.Oil.Technologies"!**
