Association of Oil Refiner's and Petrochemist's

**To participants of XXVI International Exhibition
“Gas. Oil. Technologies”
And Russian Petrochemical Forum**

Dear colleagues and friends,

Association of Oil Refiner's and Petrochemist's is happy to welcome all participants, organizers, visitors of the International Exhibition “Gas. Oil. Technologies” in Ufa!

The exhibition and the Russian Petrochemical Forum provide a great opportunity for professionals to meet, discuss their problems, outline development paths. Traditionally a serious and respected group of experts, heads and specialists of the most powerful industrial enterprises, designers of new technologies is gathered here. Such meetings provide opportunities for professionals to exchange views on achieving high quality of oil products compliant with EURO, enhancing oil refinery depth compliant with the best global standards, improving catalyzer quality. There is an intensive work at the exposition – sharing best practices, business matching, concluding cooperation agreements. All this provides development of the whole Fuel and Energy Complex.

There is a unique oil-processing and petrochemical complex in Bashkortostan Republic, which certainly makes it an important part of industry development strategy in Russia. Operating results of scientists and specialists have been highly appraised by the industry enterprises for the scientific and technical products and significantly affect the modernization process throughout the country and the whole world.

The skill of organizers of the Exhibition and Forum to collect the best possible qualitative and quantitative composition of participants is heartening.

Productive business contacts, goals achievement and reinforcement of competitiveness of oil refinery and petrochemical industry to all participants of the Exhibition and Forum!

General Director

Ryabov V.A.
